

Govt. Naveen College Bori, Dist. Durg (C.G.)

GREEN CAMPUS INITIATIVES

Adjoining our campus there is vast area covered with Amla trees numbering over 600. There is restricted entry of auto mobiles. As the institution is situated in a rural area, 99% of the students use bicycles as a means of transportation as do their parents. A pedestrian friendly pathway encircles the college campus and there are display boards that restrict the students for the use of plastics. Initiatives have been taken for landscaping the campus with trees and plants. The NSS Unit of the institution regularly takes part in plantation drives for increasing the green campus of the neighbourhood,
